Following the super-success of their MRCPI Part 2 volume, the authors adapt their special teaching skills to the needs of MRCP Part 1 and similar exams in internal medicine. The book consists of 360 'Best of 5' multiple choice questions (1,800 clinical decision) reflecting the latest exam format. It covers all areas of clinical medicine needed by exam candidates and includes psychiatry and applied basic science. The answers contain full didactic explanations to ensure the reader understands each condition or topic, and features lists, tables and tutorials to guide candidates in their revision and exam technique.The book has proved invaluable to young doctors studying for higher exams in internal medicine and to medical tutors preparing post graduate examinations.
